TESTIMONIALS

I have been in the event for the last 7 years and enjoy it every year. Looking forward to the May 17, 2008 Two-Fly and already planning the trip. See you in '08.

I have had a terrific time participating in the contest and very much enjoy the concluding banquet! Hopefully, the 2-Fly will go on for many years.

I would like to congratulate you on a stellar 2 Fly contest again this year.

I enjoyed the fellowship and met and talked with many interesting participants of the TWO FLY and will no doubt stay in touch with all of them.

Email: info@ausableflyfishing.com
www.AuSableFlyFishing.com

How the Challenge is Run: Each angler is allowed to choose two-flies with barb-less hooks. The angler is out of the challenge when they cannot retrieve their flies, or the flies become unusable.

Fishing for the Two-Fly tournament must take place on the West Branch of the AuSable River between the Wilmington town bridge (Rte. 86) and the bridge at the base of the ski jumps (Rte. 73). The AuSable Fly Fishing Map & Guide will be given to each angler for a reference. Access to the river must be public & legal. Please respect all posted & private property. Fishing licenses are required for ages 16 up. Local guides are available for hire. Visit our website www.ausableflyfishing.com

Important: Anglers will meet at the Whiteface Visitors Bureau in Wilmington at 6:30 a.m. on Saturday May 17th, 2008. Coffee and donuts will be provided in the morning.

The challenge begins at approximately 7:00 a.m. and ends at 5:00 p.m. followed by the Two-Fly Banquet. Dinner is open to the public. RSVP required.

Scoring: Anglers must fish with a partner. Anglers will record the total number of fish caught, the length of each fish and the cumulative number of inches. Only fish handled by the angler and successfully released count as being caught. Fish under 12", foul hooked fish and dead fish do not count. If a fish is mortally wounded the angler will be penalized for that trout. Tabulate and record each fish, and at the end of the time period, turn the score card into the official judge for scoring. Score cards must be turned in by 5:00 p.m. or the angler will be disqualified.

Awards: Prizes will be awarded to winning anglers based on the total number of inches accumulated with the number of fish successfully landed and released. A prize will be awarded to the angler with the largest trout successfully landed and released.

Skill: One would think a more skilled fly fisherman would obviously do better, especially in the larger fish department where his/her casting skills can place the fly closer to the target, but sometimes skill produces daring casts and some of the better anglers find themselves separating their fly and leader early in the challenge. Therefore, in many cases a more conservative angler keeps their flies longer and racks up a fine score.

The AuSable River Two-Fly is not a professional contest but will contain a pro-division. Pro-division is described as anyone who gets paid to fly-fish including guides and anyone who professionally competes for money. Contestants in the pro-division must fish in the catch-n-release area waters only.

The AuSable River Two-Fly captures the spirit of friendly sportsmanship and does not lose sight of what fly fishing is all about, the celebration of the outdoors, gathering of friends and sharing of nature. That is what the Two-Fly is about and we endeavor to keep it in this spirit. We welcome input from all our participants, sponsors, media, fly fishing tackle manufacturers, and friends on ways to improve and enhance our celebration of the AuSable River Two-Fly.

FISH IT!
